Case No. 3:17CV5517

**DECLARATION OF LAEL D.
 ANDARA IN SUPPORT OF
 PLAINTIFF'S MOTION FOR
 DEFAULT JUDGMENT**

[Fed. Rules Civ. Proc. § 55(b)(2)]

Date: TBD
 Time: TBD
 Judge: Edward M. Chen

Trial Date: 11/01/2021
 Date Action Filed: 9/22/2017

I, Lael D. Andara, declare:

I am a partner in the law firm of Ropers Majeski PC, Counsel for Plaintiff SINCO TECHNOLOGIES PTE LTD. ("SinCo") in this action. I am a member in good standing of the California State Bar, New York State Bar, Montana State Bar and the District of Columbia.

I have personal knowledge of the facts stated herein and am familiar with the documents referred to below.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

1. Attached hereto as **Exhibit 1** is a true and correct copy of SINCOO's Tom Chen and Ec Hu's business cards bearing the SINCO mark.

2. Attached hereto as **Exhibit 2** is a true and correct copy of a screenshot of the SINCOO website taken on **January 17, 2018** displaying the "SinCo" mark and asserting they have been in operation since 2000 with bates numbers SINCO575129- SINCO575139 followed by SINCO962164 to SINCO575158 which was the website as of **January 7, 2019**. The image on the website actually depicts the Defendant XINGKE ELECTRONICS (DONGGUAN) CO., LTD's factory (SINCO575131 and SINCO962167), and the name as depicted has never existed in the real world based on the testimony obtained in this litigation. The relationship with Defendant XINGKE ELECTRONICS (DONGGUAN) CO., LTD., is further evidenced at SINCO962201 under Investor relations.

3. On **February 16, 2018**, via email, I sent on behalf of SINCO pre-litigation letters to Tom Chen, Defendant SINCOO's Chief Operating Officer, regarding the company's violation of SINCO's trademark rights in its "SinCo" trademark and directed them to cease and desist or be subject to legal penalty. (ECF Dkt. No. 104 at p.2). Attached hereto as **Exhibit 3** is a true and correct copy of the February 16, 2018, letter sent to EC HU and Tom Chen of SINCOO.

4. On **February 27, 2018**, Tom Chen responded to SINCO's February 16, 2018 email. Attached hereto as **Exhibit 4** is a true and correct copy of the February 27, 2018, response letter from Mr. Chen promising to investigate the matter further.

5. Attached hereto as **Exhibit 5** is a true and correct copy of an excerpt of the **November 8, 2021**, trial transcript where Mr. Tjoa testified as to SINCOO's tenancy and relationship with Defendant XINGKE.

6. Attached hereto as **Exhibit 6** is a true and correct copy of a follow-up letter sent on **March 8, 2018**, to Mr. Chen concerning Plaintiff's request to meet in person and discuss the matter before filing suit. We then sent another letter to Tom Chen, COO, of SINCOO, offering an opportunity to meet and discuss the **February 16, 2018** letter (see Exhibit 6), and advising that

1 failure to cooperate would result in initiation of proceedings against SINCOO for willful
2 trademark infringement.

3 7. When Defendant failed to respond or otherwise refused to cooperate, Plaintiffs
4 filed the instant litigation against Defendant on **April 25, 2018**. SINCO sent SINCOO the
5 Summons, First Amended Complaint with Exhibits A through R, and Chinese translations
6 thereof, with two copies of Waiver of Service of Summons and a Notice and Request to Waive
7 Service of Summons via FedEx. The package was refused by the recipient. (ECF Dkt. No. 104 at
8 p.2).

9 8. On **August 22, 2018**, Plaintiffs filed for a request for entry for default against
10 Defendant SINCOO [ECF Dkt. No. 50], which was subsequently entered on **August 24, 2018**
11 [ECF Dkt. No. 51].

12 9. I have not heard from Tom Chen or SINCOO since the last above referenced
13 communication.

14 10. Defendant has not appeared in this action and has not responded to the Complaint
15 within the time permitted by law.

16 11. On information and belief, Defendant is not an infant, incompetent natural person,
17 or a person in military service or otherwise exempted from default judgment under the Soldiers'
18 and Sailors' Civil Relief Act of 1940.

19 12. Attached hereto as **Exhibit 7** is a true and correct copy of Mr. ML Tjoa's **January**
20 **17, 2019**, and **June 3, 2019** deposition testimony concerning SINCOO and XIGNKE's working
21 relationship relevant to SINCO's prior United States client projects.

22 Executed this 1st day of December 2021 in Menlo Park, California.

全息手机效果概念图

证券时报记者 马玲玲

市场热炒的takee全息手机已进入量产阶段,其供应商深天马A正式宣布已收到亿思达订单。对于全息手机的争议目前尚未平息,但据了解,全息手机上市将给生产商及游戏、视频内容提供商带来巨大商机。

## 掘金产业链

takee全息手机的发布直接带动了资本市场对全息技术的热捧,其中龙头股深天马A一个月以来股价几近翻番。

8月20日, takee全息手机的供应商之一深天马A公告,近日收到亿思达订单,将为其提供液晶透镜3D显示器件总计12万片,用于takee手机。深天马表示,此次订单是公司液晶透镜3D显示器件所获得的首批订单,该订单对2014年度业绩不会产生重大影响。

自takee全息手机7月17日发布以来,相关上市公司皆受到关注,其中尤以深天马A表现突出。7月29日,深天马A称,公司2013年底与亿思达开始合作开发基于液晶透镜技术的裸眼3D显示方案,并成为亿思达takee全息手机中关键显示器件的供应商之一。

消息一出,深天马A的股价节节攀升。自7月25日复牌至8月18日,股价几近翻番。

除了深天马A外,亿思达公布了与全息手机相关的五家A股公司,分别是硕贝德、欧菲光、德赛电池、宇顺电子和莱宝高科。亿思达董事长刘美鸿介绍,硕贝德、欧菲光提供takee手机元器件,德赛电池、宇顺电子、莱宝高科为takee手机代工。

莱宝高科表示,公司为全息手机配套开发采用OGS技术的电容式触摸屏,目前正在优化开发阶段。

随着深天马A公布订单及亿思达公布价格, takee全息手机开始进入量产阶段。亿思达副总经理武天祥称,手机将于9月8日中秋之夜预售,价格制定是由线下和线上的专业调查相结合,最终定出3600元的价格。

据悉,自7月17日开放预定以来,截至8月17日上午,该款手机预约超过120万台。亿思达董事长刘美鸿对证券时报记者表示,首批全息手机量产数量主要是根据公司计划制定,后续将根据消费者需要调整产量。

## 全息之争

全息手机的推出,不仅在消费者中引起一波“全息是什么”的疑问,在专业机构中也引起了争议。

7月30日,中国3D产业联盟发布联合声明称,全球全息技术尚处于实验室基础研究阶段,产业化尚未启动,中国也处于这个阶段,所谓“个人全息或智能全息”技术为核心的“全息手机”并不存在。

8月5日,亿思达回应称,联合声明所罗列的33家机构、某些知名教授等根本是“被代表”;多家被联名企业和机构表示不知情。

值得玩味的是,当日3D联盟便予以回击,指责亿思达背后进行网络炒作。

8月7日,亿思达联合多家相关高校和公司召开个人全息显示技术及产业化研讨会。公司称, takee手机采用的显示技术,从实现的技术手段上来说,应该属于“数字全息显示”技术范畴,这是有别于传统激光全息技术之外的一种创新的全息显示技术,它开辟了全息技术的新方向;由于只适用于一个人观看,所以也可称为“个人全息”。

1/7/2019

## takee全息手机已进入量产阶段

对于全息技术的通俗理解，是可以全方位观看物体的每一角度。亿思达称，通过前置景深式摄像头来追踪人眼视角位置，并通过软件优化图像，形成具有指向性的成像效果，实现类似全息影像的效果。

对于亿思达的技术，多数专家质疑认为，该款手机不能实现投影达到真正的全息。目前takee手机采用光栅3D显示的柱镜光栅技术，专业人士认为该技术仍属于裸眼3D范畴。

刘美鸿说：“数字全息技术是对裸眼3D技术的升级，目前我们的手机的确不完善，主要实现的是全息手机从无到有的过程，以后会逐步完善。”

据了解，亿思达主要以3D相关产业为主。刘美鸿表示，亿思达于2013年年底在全息技术上取得突破，并决定自己生产手机，切入全息手机领域。

## 数据显示：高科技电子产品让现代人沉迷

Ofcom发布了一项最新的关于生活习惯的调查报告，报告的结果令人吃惊。

## 数据显示很多人沉迷于电子设备

根据最新的研究,现代人使用电子设备的时间比睡觉还要多。英国成人平均每天花8小时41分钟使用高科技产品,而对比来看其睡眠时间只有8小时21分钟。这还不是全部,通信监管机构报告说,有超过58%的人每天在电子设备上所花费的时间超过了14小时。

你可能会问:“这怎么可能?”在今天科技的发展方便了人们的生活,多任务智能化的设备让业务更容易,但是令人难以置信的是,人们花在这上面的时间达到9小时8分钟。这个数字比2010年上涨了2个小时。

在上周,调查发现70%的英国人使用智能手机、平板电脑或者PC来与家人、朋友、同时聊天。本次调查涉及2800名成人和儿童,调查结果可以说令人大感吃惊。

## Android市场份额增长比iOS平台快10.6%

作者: admin 日期: 2014-08-17 人气: 301 评论: 0

8月15日消息,根据IDC发布的2014年第二季度智能手机市场的最新数据显示,苹果iOS和谷歌Android两大系统平台继续领跑,份额继续增长,而其他系统平台的手市场份额则进一步被蚕食。苹果iPhone出货量同比增长了12.7%,而在第二季度的6月底达到了3520万台。与此同时,Android阵营增长则更惊人,达到了33.3%,出货量达到了2.553亿台,比iPhone的增长速度更快。

不过值得注意的是,尽管苹果的份额有所增长,但是其整体市场份额从去年同期的13%下降1.3%,到今年第二季度为11.7%。Android份额从2013 Q2的79.6%增长到了2014Q2的84.7%。

除此之外, IDC给出了不同价格区段的智能手机份额数据,苹果意外地在400美元以上的高端市场傲视群雄,而接近60%的Android设备售价均低于200美元。

关于机加工的工艺以及方法阐述

蜗轮蜗杆减速机完全是靠两个偏心轮实现齿轮的传递。在输入轴上装有一个错位180°的双偏心套，在偏心套上装有两个滚柱轴承，形成H机构，两个摆线轮的中心孔即为偏心套上。

转臂轴承的滚道，并由摆线轮与针齿轮上一组环形排列的针齿轮相啮合，以组成少齿差内啮合减速机构，为了减少摩擦，在速比小的减速机中，针齿上带有针齿套。

当输入轴带着偏心套转动一周时，由于摆线轮上齿廓曲线的特点及其受针齿轮上针齿限制之故，摆线轮的运动成为既有公转又有自转的平面运动，在输入轴正转一周时，偏心套亦转动一周，摆线轮于相反方向上转过一个齿差从而得到减速，再借助W输出机构，将摆线轮的低速自转运动通过销轴，传递给输出轴，从而获得较低的输出转速。

1.蜗轮蜗杆减速机原理：通过蜗轮以及蜗杆90度的交叉配合实现传动。

2.摆线针轮与蜗轮蜗杆共同点：效率低，扭矩输出大。

[关于机加工的工艺以及方法阐述](#)

机加工主要是指机械加工, 在工业生产领域里面应用十分广泛。

对零件进行加工和制造采用机加工是一种十分方便的方法, 主要是采用机械对零件的毛坯形状进行测量和加工, 这种方法就叫做机加工。

机加工工艺流程是工件或者零件制造加工的步骤, 采用机加工的方法, 直接改变毛坯的形状、尺寸和表面质量等, 使其成为零件的过程称为机加工工艺流程。比如一个普通零件的加工工艺流程是粗加工-精加工-装配-检验-包装, 就是个加工的笼统的流程。

机加工工艺就是在流程的基础上, 改变生产对象的形状、尺寸、相对位置和性质等, 使其成为成品或半成品, 是每个步骤, 每个流程的详细说明, 比如, 上面说的, 粗加工可能包括毛坯制造, 打磨等等, 精加工可能分为车, 钳工, 铣床, 等等, 每个步骤就要有详细的数据了, 比如粗糙度要达到多少, 公差要达到多少。

Re: *SinCo Technologies PTE Ltd v. Soon, et al.*

Dear Mr. Hu:

We write to you on a matter of urgent and significant legal importance. This firm represents SinCo Technologies PTE Ltd. (SinCo) as it relates to its registered and issued Intellectual Property rights in the United States. Your use of the "SinCo" trademark is in violation of U.S. law and you are directed to immediately cease and desist or be subject to legal penalty.

SinCo initially designed and began using the "SinCo" trademark on or before **May 1, 1996**. SinCo has obtained several U.S. trademarks on the word mark "SinCo" and the use of the Yin-Yang symbol, circles with two breaks or divided in the middle, circles that are totally or partially shaded and the colors red and green. SinCo's first issued trademark was Registration no. 3,188,537 which was issued on **December 26, 2006**. SinCo's trademarks are on the Principal Register and are therefore incontestable, therefore, limiting any potential claim of a third party usage.

We request that you immediately cease the operation of Sincoo website at [www.sincoo.cn](http://www.sincoo.cn), cease the distribution of business cards with the SinCo mark (including font, color, and image), and cease use of emails directed to or from the United States containing the term "SinCo." We have received your business card from our customers who were confused by the identical mark as SinCo's. We have also received emails directed to you that were accidentally sent to us by U.S. customers who believe they are dealing with SinCo when, in fact, your company is the one who initiated the dialog. Re: *SinCo Technologies PTE v. Soon, et al.*

Dear Mr. Chen:

My client has advised me that I am authorized to agree to a third party request to meet and discuss a potential settlement of the use of the SinCo mark in the United States. My client has further directed me to provide you the same opportunity to meet at my offices to discuss the letter we sent on this issue to you on **February 16, 2018**, based on your prompt response and promise to investigate that I received on **February 27, 2018**.

For your understanding and reference, you and your attorney (if you so desire) are invited to meet me at our offices in Redwood City, California in the next thirty (30) days to discuss the issues set forth previously. As I am under the impression you are not currently represented by counsel and therefore am ethically obligated to disclose that any communication we may have is subject to Federal Rule of Civil Procedure 408:

*Rule 408. Compromise Offers and Negotiations*

*(a) Prohibited Uses. Evidence of the following is not admissible—on behalf of any party—either to prove or disprove the validity or amount of a disputed claim or to impeach by a prior inconsistent statement or a contradiction:*

*(1) furnishing, promising, or offering—or accepting, promising to accept, or offering to accept—a valuable consideration in compromising or attempting to compromise the claim; and*

*(2) conduct or a statement made during compromise negotiations about the claim—except when offered in a criminal case and when the negotiations related to a claim by a public office in the exercise of its regulatory, investigative, or enforcement authority.*

This rule is designed to allow for candid and frank discussion to potentially avoid further action, but if an action does occur the statements we exchange is not admissible, nor can be used

against the person or entity as set forth above. Although you are under no obligation to do so, I would recommend that you speak with an attorney as to the contents of this letter and our previous communications.

If you decline to meet in person, I will request that as a courtesy you advise of that decision at your earliest convenience, but no later than **March 20, 2018**. If after that date has passed I have not heard from you, we will initiate proceedings against you for willful trademark infringement.<sup>1</sup>

Sincerely,

Lael D. Andara

| 19 | Q. Okay. If you wanted that company to               | 02:16:11 |
| 20 | vacate the premises, do you have the authority to do | 02:16:17 |
| 21 | that?                                                | 02:16:22 |
| 22 | A. I need to look at the terms of the lease.         | 02:16:22 |

| 12 | A.         | It's depending on the -- what would be the          | 02:16:53 |

| 14 | Q.         | Okay. Would you educate yourself as to              | 02:16:57 |

| 20 | A.         | Well, if there is any explanation, what             | 02:17:21 |
| 21 |            | the issues are, then we can evaluate. We can        | 02:17:23 |
| 22 |            | assess.                                             | 02:17:26 |

| 8  | A. | I need to confirm. Some part is red --             | 02:25:16 |
| 9  |    | which part is red, I need to double-check on that. | 02:25:19 |
| 10 | Q. | Okay. If you had to estimate how tall is           | 02:25:21 |
| 11 |    | the sign -- like the "X" of the sign -- is it, you | 02:25:24 |
| 12 |    | know, three inches tall; three feet tall; 30 feet  | 02:25:27 |
| 13 |    | tall?                                              | 02:25:30 |
| 14 | A. | I don't know.                                      | 02:25:31 |
| 15 | Q. | But you've seen the sign?                          | 02:25:31 |
| 16 | A. | Yes. But I don't know how tall. I                  | 02:25:33 |
| 17 |    | wouldn't pay attention how tall. Right?            | 02:25:35 |
| 18 | Q. | Okay. And you can't estimate?                      | 02:25:37 |
| 19 | A. | No.                                                | 02:25:39 |
| 20 | Q. | Okay. All right. And then on this page,            | 02:25:40 |
| 21 |    | it says, "SinCo Electronics DongGuan company was   | 02:25:44 |
| 22 |    | established in 2000." Is that a true statement?    | 02:25:48 |
| 23 | A. | I don't know.                                      | 02:25:53 |
| 24 | Q. | Okay.                                              | 02:25:55 |

| 4  | A. Because I have people working for me, it's       | 02:27:06 |

| 11 | what's been previously marked as Exhibit 103 in the | 02:27:57 |
| 12 | deposition of NG. Have you seen this document       | 02:28:01 |

| 14 | A. Let me see. I don't think so, no. This           | 02:28:12 |
| 15 | is Sincoo.                                          | 02:28:29 |
| 16 | Q. Do they have a sign on their building?           | 02:28:30 |

| 5  | Q. But does that accurately represent the           | 02:28:53 |

1 up to. For this. Yeah. It's -- kind of surprise  
2 me.

3 Q. I mean, if you confirmed that they are  
4 competing with you for the same customers, is this  
5 something you would evict them for?

6 MR. HOGAN: That calls for speculation.  
7 It's an incomplete hypothetical.

8 A. They are not really competing with us on  
9 the same parts. They do metals.

10 Q. Okay. Even if it's the same customers?

11 A. Yes. That's okay.

12 Q. Do you understand that they are working on  
13 the same end product? They are just providing  
14 different parts to that end product for the same  
15 customer?

16 A. Yes.

17 Q. Do you understand that?

18 A. They do metal. We do plastic and  
19 silicon. I think that's fine.

20 Q. Is there any coordination between Sincoo  
21 and DG as it relates to that main customer,  
22 providing parts that work together?

23 A. I don't know in the past. I don't know in  
24 the past, but since we acquire, I don't come across  
25 any major collaboration.

1 here today, of a specific type of machine that was 06:02:04  
2 acquired after the acquisition? 06:02:06

3 A. There are many -- many equipments. The 06:02:08  
4 machine for tooling. The molding machine. The 06:02:10  
5 compression molding machine. Upgrading and spray 06:02:13  
6 painting lines. Right? 06:02:18

7 Q. How much would those types of machines 06:02:19  
8 cost? 06:02:21

9 A. Depends. Different model; different 06:02:22  
10 capabilities; different capacity. Different cost. 06:02:23

11 Q. Did you buy any anodizing equipment? 06:02:28

12 A. No, we did not. 06:02:31

13 Q. Do you do anodizing at that factory? 06:02:32

14 A. Anodizing was done by the other company. 06:02:36

15 Q. Sincoo? 06:02:37

16 A. Yes. 06:02:38

17 Q. Okay. So the license, and all that, would 06:02:39  
18 have been held by Sincoo? 06:02:40

19 A. The license has been held, I believe it's 06:02:42  
20 under -- oh, I need to check who has that license. 06:02:45

21 Q. Isn't it true that the license is held by 06:02:50  
22 Jinlong? 06:02:54

23 A. I think we do have the license for that. 06:02:54

24 Q. Okay. So you have the license for a 06:02:56  
25 company that you don't know about that you've leased 06:02:59

| 18 | Q. Okay. That's a problem. It's a red flag           | 06:03:35 |
| 19 | for you that you want to investigate?                | 06:03:36 |
| 20 | A. Yes.                                              | 06:03:38 |
| 21 | Q. Okay. And you also understand that they           | 06:03:38 |
| 22 | are making projects for the same U.S. customers that | 06:03:39 |
| 23 | you're building projects for, but theirs are metal   | 06:03:42 |
| 24 | and yours are rubber? Is that right?                 | 06:03:48 |
| 25 | A. U.S. customer, I don't know. I'm not              | 06:03:49 |

|----|------------------------------------------------------|----------|
| 1  | sure.                                                | 06:03:50 |
| 2  | Q. Okay. Do they do any anodizing for U.S.           | 06:03:51 |
| 3  | customers that you are aware of?                     | 06:03:53 |
| 4  | A. I don't know.                                     | 06:03:55 |
| 5  | Q. Do any of the products the U.S. customers         | 06:03:55 |
| 6  | are making -- the end products -- require anodizing, | 06:03:58 |
| 7  | to your knowledge?                                   | 06:04:01 |
| 8  | A. Right now, we don't do any anodizing.             | 06:04:03 |
| 9  | Q. I know you don't do anodizing. That's not         | 06:04:05 |
| 10 | what I asked. I asked, are you aware of the end      | 06:04:07 |
| 11 | products the consumers are using -- the parts DG     | 06:04:10 |
| 12 | makes -- the rubber parts -- requiring other parts,  | 06:04:11 |
| 13 | separate and apart from DG, that require anodizing?  | 06:04:13 |
| 14 | MR. HOGAN: The question is vague.                    | 06:04:18 |
| 15 | Go ahead.                                            | 06:04:19 |
| 16 | A. I think I need to clarify. What do you            | 06:04:20 |
| 17 | mean? Can you be more specific?                      | 06:04:24 |
| 18 | Q. Do you know what Google Home is? Or               | 06:04:27 |
| 19 | Chromebook?                                          | 06:04:28 |
| 20 | A. Yes.                                              | 06:04:29 |
| 21 | Q. Those are products, right? Those are end          | 06:04:29 |
| 22 | products.                                            | 06:04:29 |
| 23 | A. Yes.                                              | 06:04:29 |
| 24 | Q. And you're making parts for those                 | 06:04:29 |
| 25 | products?                                            | 06:04:29 |

|----|-----------------------------------------------------|----------|
| 1  | A. Yes.                                             | 06:04:30 |
| 2  | Q. Do either of those products require              | 06:04:30 |
| 3  | anodizing?                                          | 06:04:32 |
| 4  | A. We don't do any part with anodizing.             | 06:04:33 |
| 5  | Q. That's not what I asked. I asked, to your        | 06:04:36 |
| 6  | knowledge, do either of those products require      | 06:04:38 |
| 7  | anodizing?                                          | 06:04:41 |
| 8  | A. I don't know.                                    | 06:04:42 |
| 9  | Q. Okay. Fair enough. That's reasonable.            | 06:04:42 |
| 10 | Okay. When did Jinlong obtain the anodizing         | 06:04:46 |
| 11 | license? Was it after the acquisition?              | 06:04:49 |
| 12 | A. I don't know. There is a license. That's         | 06:04:52 |
| 13 | what I know.                                        | 06:04:53 |
| 14 | Q. Okay. Were you involved with that as CEO,        | 06:04:54 |
| 15 | as part of your --                                  | 06:04:57 |
| 16 | A. No, I don't get involved with that. I            | 06:05:00 |
| 17 | leave it to the GM to do it.                        | 06:05:02 |
| 18 | Q. How did you learn about that?                    | 06:05:04 |
| 19 | A. They told me there was a license, and in         | 06:05:06 |
| 20 | fact, they showed me the license in Chinese before. | 06:05:08 |
| 21 | Q. Okay. Have you got a copy of that?               | 06:05:11 |
| 22 | A. I don't physically have a copy, but our          | 06:05:13 |
| 23 | team has a copy of that.                            | 06:05:14 |
| 24 | Q. So that's something that could be produced       | 06:05:16 |
| 25 | in this case?                                       | 06:05:18 |

| 1  | Q. Sure.                                           | 10:33:21 |
| 2  | A. Okay. Over here, the organization, maybe,       | 10:33:29 |
| 3  | there's a -- the theme may be misunderstood. In    | 10:33:31 |
| 4  | fact, I'm the President/CEO of the Jin Long        | 10:33:34 |
| 5  | Machinery & Electronic. Not SinCo -- not XingKe.   | 10:33:37 |
| 6  | Q. You're talking about ML16999?                   | 10:33:39 |
| 7  | A. Yes.                                            | 10:33:42 |
| 8  | Q. Okay. And that's representing that you          | 10:33:43 |
| 9  | are actually the president of SinCo Electronics.   | 10:33:45 |
| 10 | Correct?                                           | 10:33:49 |
| 11 | A. No. This is not an accurate                     | 10:33:49 |
| 12 | representation.                                    | 10:33:51 |
| 13 | Q. It's representing that, but that -- your        | 10:33:51 |
| 14 | point, it's not correct?                           | 10:33:53 |
| 15 | A. Yes.                                            | 10:33:55 |
| 16 | Q. I see. Okay. So the document says               | 10:33:55 |
| 17 | something that you don't agree with?               | 10:33:57 |
| 18 | A. Yes. This should be correct.                    | 10:33:59 |
| 19 | Q. I see. Because -- is it your position,          | 10:34:01 |
| 20 | you were never the president of SinCo Electronics? | 10:34:04 |
| 21 | A. No.                                             | 10:34:07 |
| 22 | Q. Okay. Okay; is there anything else about        | 10:34:07 |
| 23 | Exhibit 235 that you believe is incorrect?         | 10:34:15 |
| 24 | A. I will need to look at it.                      | 10:34:18 |
| 25 | Q. Sure. Take your time, please.                   | 10:34:21 |

1 A. Okay. All the CNC, in fact, when we took 10:34:51  
2 over, I asked the team to change all those CNC owned 10:34:54  
3 and anodizing owned by partners instead of owned by 10:34:58  
4 XingKe. 10:35:02  
5 Q. So that's beginning at ML17007 -- 10:35:03  
6 A. Yeah. 10:35:07  
7 Q. -- to 17051? 10:35:07  
8 A. Yeah. I asked them to put all my 10:35:09  
9 partners. That's a factual case. Actual facts. 10:35:11  
10 Q. Which partners had that capability? 10:35:14  
11 A. That's the tenants. 10:35:16  
12 Q. The SinCoo? 10:35:18  
13 A. Yeah. The tenants. 10:35:19  
14 Q. So this was something that you would show 10:35:21  
15 customers to show you could do anodizing, but it was 10:35:22  
16 actually your partner who did the anodizing? 10:35:25  
17 A. Yes; yes. 10:35:27  
18 Q. I see. And that's -- because that goes to 10:35:28  
19 the metal part? 10:35:29  
20 A. Yes. 10:35:31  
21 Q. Okay. So you had a partner that did the 10:35:31  
22 metal parts, but XingKe, itself, did the plastic 10:35:33  
23 parts. 10:35:38  
24 A. Plastic and rubber. 10:35:39  
25 Q. I see. But it was represented to 10:35:39

| 2  | anodizing and metal parts?                          | 10:35:43 |
| 3  | A. Yes.                                             | 10:35:45 |
| 4  | Q. Okay. Okay. All right. Let me show you           | 10:35:45 |
| 5  | what's -- oh boy, I'm mixing them up.               | 10:35:53 |
| 6  | Okay. Let me show you what's previously             | 10:36:15 |
| 7  | been marked as Exhibit 202. And this is a document  | 10:36:17 |
| 8  | dated December 21st 2018. Have you seen this        | 10:36:27 |
| 9  | before?                                             | 10:36:36 |
| 10 | A. No. I don't read Chinese.                        | 10:36:37 |
| 11 | Q. Okay. Do you recognize the company stamp         | 10:36:40 |
| 12 | that's on this document?                            | 10:36:41 |
| 13 | A. Yes. I believe the company stamp.                | 10:36:51 |
| 14 | Q. And whose stamp is that?                         | 10:36:53 |
| 15 | A. This is XingKe stamp.                            | 10:37:03 |
| 16 | Q. Okay. But looking at Exhibit 202, you            | 10:37:10 |
| 17 | can't read enough Chinese to know what the title of | 10:37:13 |
| 18 | this document is?                                   | 10:37:15 |
| 19 | A. [Inaudible]                                      | 10:37:17 |
| 20 | Q. So you don't know?                               | 10:37:17 |
| 21 | A. No.                                              | 10:37:18 |
| 22 | Q. Okay. And, just for the record, I gave           | 10:37:21 |
| 23 | the wrong date for that document.                   | 10:37:30 |
| 24 | A. August 1st, you say --                           | 10:37:42 |
| 25 | Q. August 1st 2018?                                 | 10:37:44 |
